

Personal Minimums and Maximums

After attaining your Private Pilot certificate (and each subsequent certificate and rating), one of the most important safety actions you can take is to establish personal minimums and maximums. Most pilots know this yet never establish them! Many times this simple act will relieve much tension before and during a flight. On a few occasions, this simple act would have prevented catastrophe! Come and learn what personal minimums and maximums are, how they can improve the safety of every flight and let's start establishing them together.

Directions: The Ramada Inn is immediately to the northeast of the Centennial airport Control Tower. Arapahoe conference room.

A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
